

# MAP TO SCENIC RIDGE CAMPGROUND

Sometimes a GPS and other online Maps tend NOT to be the most accurate in locating us, so we drew up this little map for you. We want you to arrive safely and without any troubles/wrong turns.

## PLEASE NOTE...

If you are arriving in or towing an RV it is not necessary for you to register 1<sup>st</sup> before entering the campground. TO AVOID BACKING UP/TURNING AROUND... It is best to immediately turn into the campground entrance and proceed up to your site as per your reservation confirmation. Once you have parked/setup we ask that you please stop down to the camp store [brick building across from the beach] to register for your stay.

Thank You!
